

**International Conference on  
Computational Intelligence and Data Science  
(ICCIDS 2019)  
6<sup>th</sup>-07<sup>th</sup> September 2019**

---

**PUBLICATION:** All the accepted papers will be published in Procedia Computer Science Journal, Elsevier.

**ICCIDS2019:**

The International Conference on Computational Intelligence and Data Science (ICCIDS2019) provides an International forum for presentation of original research findings, as well as exchange and dissemination of innovative, practical development experiences in different fields of engineering. The conference draws researchers and application developers from a wide range of data mining and computational Intelligence related areas along with their algorithms and applications of current issues of almost all branches of Engineering and Technology.

Awareness of Data Science and its application is becoming popular among the general population. Parallel offers of hope add woes to the researchers of Data Science due to the potential limitations experienced in the real-time. This conference aimed to expand its coverage in the areas of Computational Intelligence and Data Science, where expert talks, young researchers presentations will be placed in every session of the meeting will be inspired and keep up your enthusiasm.

**VENUE:** The NorthCap University, Gurugram, India

**JOURNAL INDEXING:** SCOPUS

**PUBLICATION POLICIES:**

Kindly visit the conference website (<http://iccids2019.ncuindia.edu/Paper-Submission>) for details.

**Session Title:** Next Generation Smart and Intelligent Network

**Name(s):** Dr. Neeta Singh and Aarti Gautam Dinker  
Gautam Buddha University, Greater Noida  
Email: [neeta@gbu.ac.in](mailto:neeta@gbu.ac.in), [aarti@gmail.com](mailto:aarti@gmail.com)

**Aim:** Aim of this special session is to provide exposure for presenting and publishing of the research work in the area of machine learning and artificial intelligent system for next generation networks.

**The objectives of this session can be illustrated as:**

- To provide platform to researchers and scholars to present their work.
- To publish the research papers in the international proceeding and journals
- To interact with scholars in above area for re-enforcing the personal skill and knowledge at global level.
- To explore the future research opportunities and open problems.

**Topics of Interest:**

- Data management
- Distributed technology
- Cloud Computing
- Internet of Things
- Fog Computing
- Sky Computing
- Mobile agents for networking
- Network design and planning
- Reliability Analysis and Simulation of Protocols
- Issues in Software
- applications and programming
- Authentication, Group key management,
- Multicast Data Integrity
- Vehicle to vehicle (V2V) communications
